

PROFESSIONAL DISPLAY STAND AND MULTISCREEN CONSTRUCTION SYSTEMS

HOW DOES THE PRODUCTION PROCESS RUN AT OUR INTEGRATED FACILITIES HAVING THE LATEST TECHNOLOGY?

MARKET RESEARCH

New design concepts are determined in accordance with the expectations after analyzing current market conditions and products.

DESIGN STAGE

Designs, created in virtual environment are subjected to many tests. They are evaluated after all revisions, both visually and functionally.

PROTOTYPE STAGE

Prototype works are carried out for the approved design. The prototype of the product is obtained with this work. Production problems which are not localized in the virtual environment are confirmed at this stage and solution ways are determined.

EVALUATION

Prototypes which meet the requirements are evaluated in terms of price, performance and reproducibility and then the production decision is taken.

MOLD PREPARATION

The created design is forwarded to the molding section with technical drawings. Software is prepared for CNC machines. From now on, the dream is ready to be true together with the mold process.

EXPERIMENTAL PRODUCTION

At this stage, the experimental production is made and a long test period starts.

PRODUCTION AND DISPATCHING

The product, approved after tests and quality controls, is transferred to the serial production line and made ready to offer for sale.

MOBIL (3x3) EXT TV STAND

(Order No: Zjbhypo)

Product Details

Product Code : MOBIL-E-(3x3)

Screen Amount : 9

Multi Screen : 3x3 inch

Ürün Boyutu : 55 "

Screen Position : Landscape

Screen Direction : One Way

Screen Location : Self Standing

Screen Stand Type : MOBIL BASE

Supports : Sprt-400 f ix support

Vesa Holes : 200x200 / 300x300 / 400x400

Technical Drawing : Download link

Inner Products

Amount	Inner Part Name	Image
9 Pcs	Sprt 400	
3 Pcs	V Base Small	
3 Pcs	325 cm Tv Bar	
3 Pcs	200 cm Pole	
9 Pcs	Kit

V-BASE-SMALL

POLE-750

- * Made by Aluminium
- * Height 75 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight: 2,20 kg

POLE-1100

- * Made by Aluminium
- * Height 110 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight:3,30 kg

POLE-1350

- * Made by Aluminium
- * Height 135 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight:4,10 kg

POLE-1500

- * Made by Aluminium
- * Height 150 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight:4,50 kg

POLE-1800

- * Made by Aluminium
- * Height 180 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight 5,50 kg

POLE-2000

- * Made by Aluminium
- * Height 200 cm
- * Color: Silver
- * Cable manager on the sides
- * Product Weight :6.00 kg

KIT

- * Made by Steel
- * Color: Antracite
- * Product Weight:0,65 kg

BAR-480

- * Made by Aluminium and Plastic endcap
- * Length 48 cm
- * Color: Silver
- * Product Weight:1,10 kg

BAR-680

- * Made by Aluminium and Plastic endcap
- * Length 68 cm
- * Color: Silver
- * Product Weight:1,45 kg

BAR-880

- * Made by Aluminium and Plastic endcap
- * Length 88 cm
- * Color: Silver
- * Product Weight :1,85 kg

BAR-1900

- * Made by Aluminium and Plastic endcap
- * Length 190 cm
- * Color: Silver
- * Product Weight:3,95 kg

BAR-2200

- * Made by Aluminium and Plastic endcap
- * Length 220 cm
- * Color: Silver
- * Product Weight:4,70 kg

BAR-2850

- * Made by Aluminium and Plastic endcap
- * Length 285 cm
- * Color: Silver
- * Product Weight:6.00 kg

BAR-3250

- * Made by Aluminium and Plastic endcap
- * Length 325 cm
- * Color: Silver
- * Product Weight:6,80 kg

Fix Base

- * Made by Steel and plastic cover
- * Color : Black
- * Product Weight: 1,75 kg

V base Small

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 3,20
- * Wheels are additional
- * For one side use

H base Small

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 4,15
- * Wheels are additional
- * For double side use

V base Medium

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 3,75 kg
- * Wheels are additional
- * For one side use

H base Medium

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 4,80 kg
- * Wheels are additional
- * For double side use

V base Large

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 7,60 kg
- * Wheels are additional
- * For one side use

H base Large

- * Made by Aluminium
- * 4 pcs plastic feet included
- * Color: Silver
- * Product Weight: 8,50 kg
- * Wheels are additional
- * For double side use

Flat Base Mini

- * Made by Steel
- * Solid Body
- * Plastic feet
- * Color Antracite
- * Product Weight: 17,20 kg
- * For one side use

Center Base Mini

- * Made by Steel
- * Solid Body
- * Plastic feet
- * Color Antracite
- * Product Weight: 16.00 kg
- * For double side use

Flat Base Maxi

- * Made by Steel
- * Solid Body
- * Plastic feet included
- * Color Antracite
- * Product Weight: 23.00 kg
- * For one side use

Center Base Maxi

- * Made by Steel
- * Solid Body
- * Plastic feet included
- * Color Antracite
- * Product Weight: 21,50 kg
- * For double side use

SPRT-400

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400
- * Made by Steel
- * Tilt Option + - 3 degree
- * Height adjustable:NO
- * Montage screws included
- * Plastic Lock System inside
- * Product Weight pair 2.0kg
- * Load Capability 60 kg
- * Color Antracite

SPRT-600

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400 / 600X400 /
- * Made by Steel
- * Tilt Option + - 3 degree
- * Height adjustable:NO
- * Montage screws included
- * Plastic Lock System inside
- * Product weight pair 2,2 kg
- * Load Capability 60 kg
- * Color Antracite

SPRT-400-EXT

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400
- * Made by Steel
- * Tilt Option + - 3 degree
- * Height adjustable + - 5mm
- * Montage screws included
- * Plastic Lock System inside
- * Product Weight pair 2.0kg
- * Load Capability 60 kg
- * Color Antracite

SPRT-600-EXT

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400 / 600X400 /
- * Made by Steel
- * Tilt Option + - 3 degree
- * Height adjustable + - 5mm
- * Montage screws included
- * Plastic Lock System inside
- * Product weight pair 2,2 kg
- * Load Capability 60 kg
- * Color Antracite

Pop-UP Support 400

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400
- * Made by Steel
- * Push-Open System
- * Tilt-up for cabeling
- * Product weight pair 9,60 kg
- * Load Capability 40 kg
- * Color Antracite

Pop-Up Support 600

- * VESA100x100/ 200 x100 / 200x200 / 300x300 / 400x200 / 400x400 / 600X400 /
- * Made by Steel
- * Push-Open System
- * Tilt-up for cabeling
- * Product weight pair 10.50 kg
- * Load Capability 40 kg
- * Color Antracite

Roller Set

- * Made by steel Body
- * 4 pcs in a set
- * with locking system
- * For all "V" and "H" series feet
- * Product Weight

Cam Holder

- * Made by Steel
- * Height Adjustable 14 cm
- * Tilt option for Camera 10 degree
- * Product Weight 1,6 kg
- * Plastic Lock System inside

Shelf Mini

- * Height adjustable
- * Color Antracite
- * Product Weight 3,50 kg

Shelf Maxi

- * Height adjustable
- * Color Antracite
- * Product Weight 4,80 kg

Connector

- * Color Antracite
- * Product Weight 0,25 kg

Bar Wall Bracket

- * Color Antracite
- * Product Weight 0,25 kg
