ClickShare CX-30

Interact, discuss, collaborate with remote participants enjoying interactive meetings with touch back, annotation

- **Full BYOD support**

- **Remote collaboration**

- **Full interactivity and moderation**

- **Triple agnostic: works with any device, and UC technology and any brand of AV USB-peripheral**

- **Enhanced security**

- **Connected and cloud managed**

- **Delivered with 2 Conferencing Buttons**

- **Collaborate with Conferencing Button or Collaboration App**

ClickShare CX-30 brings seamless wireless conferencing to meeting participants: local, guest or remote. Start a meeting from your device, use your preferred conference tool. Automatically you connect wirelessly to the room cameras, microphones, soundbars for a more immersive meeting. In less than 7 seconds you conference, collaborate and click.

Bring your own meeting and decide how you want to collaborate. Use the ClickShare Wireless Conferencing Button and the ClickShare Collaboration App for pc and Mac or mobile devices for intuitive and uniform user experiences. Make content sharing richer with interactivity features like moderation, local view of the room display, annotation, blackboarding and touch back support.

A set of IT friendly features makes ClickShare Conference a perfect fit to any enterprise environment. ClickShare Conference, excelling in enhanced security, seamlessly integrates in any IT- network. With the XMS Cloud Management Platform you enjoy easy management of units, intuitive user experiences and clear analytics to drive your digital workplace.
